P. A. puts new joy into the sport of smoking!

YOU may live to be 110 and never feel old enough to vote, but it's certain-sure you'll not know the joy and contentment of a friendly old jimmy pipe or a hand rolled

cigarette unless you get on talking-terms with Prince Albert tobacco!

P. A. comes to you with a real reason for all the goodness and satisfaction it offers. It is made by a patented process that removes bite and parch! You can smoke it long and hard without a come-back! Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

Prince Albert affords the keenest pipe and cigarette enjoyment! And that flavor and fragrance and coolness is as good as that sounds. P. A. just answers the universal demand for tobacco without bite, parch or kick-back!

Introduction to Prince Albert isn't any harder than to walk into the nearest place that sells tobacco and ask for "a supply of P. A." You pay out a little change, to be sure, but it's the cheer-fullest investment you ever made!

KENTUCKY CAMP IS QUARANTINED

SMALLPOX BREAKS OUT IN SECOND REGIMENT AT FT. THOMAS.

H COMPANY IS EXAMINED

Local Company Loses 28 Out of 86 Men—12 or More Recruits Must Be Had.

(Special Correspondent.)

At last the physical examinations are over and the fate of Company H is no longer hanging in the balance. Twenty-eight men is the total casualty list and underweight is what knocked nearly all of them out. Defective eyesight took a toll of three or four and one or two had defective hearing.

Three days elapsed between the time the examination was taken and the time the exact result was made known. During these three days the anxiety was almost unbearable and rumors ran rife. The total rejection was much larger than expected and therefore the reading of the list off by Lieut. Shown was a tragedy.

All of the men were gathered around the quarters making conjectures and predictions and expressing hopes or dreams when the word was passed around that Lieut. Shown had gone for the report of the surgeons. At last after a short length of time, which seemed weeks, he came back with the slip of paper and announced with very evident emotion that Co. H had lost twenty-eight men. Each and every man was staggered at this news and not one of them could feel confident that his own name was not included in the list.

Corp. John J. Glenn, who is one of the most soldierly looking men in the company, one of its best fellows and a member of the 1915 rifle team, was knocked out on account of an accident to one of his eyes. Noah L. Rowe, who is another excellent soldier and one of the oldest members of the company, was a perfect physical specimen but lacked one inch in height. The other men who failed are equally deserving of honorable mention but as the exact reasons for rejection are not specifically stated as yet, we shall not comment upon all of them individually. Their loss is keenly regretted by the officers and men of the company and it is with the greatest of sorrow that we see them leave.

One case of smallpox in the Second regiment has caused the camp to be quarantined until the surgeons can determine whether there is to be an epidemic. The last of the typhoid

shots has been given to the entire brigade and smallpox vaccinations which were given also on last Thursday are just beginning to give trouble.

H company will need at least twelve recruits from Ohio county in order to reach the specified war strength and it is expected that they will be forthcoming when the recruiting parties are sent out.

The following is the list of men who have done all in their power to serve under the Stars and Stripes: Corp. John J. Glenn, Noah L. Rowe, Musician N. B. Hazlerigg, Willis Allen, Ira Allen, Claude C. Baxley, Roscoe S. Carson, Joe Crahan, James Daffron, Lewis A. Denny, Claude Duke, Clarence M. Gray, John E. Hahn, Jesse Harris, Claude Havens, Chas. B. Hurt, Mack B. Hurt, Eura W. Jones, Arvin W. Leisure, Kit Logsdon, Otis Maddox, Arthur Minton, Albert Morris, Edward Owens, Everett Peach, Leland Peach, Lloyd Render, Leslie White, Mose Wilson.

In order that the excellent showing of the company in comparison with the others may be appreciated, the following table is given:

Co.	Town	Str.	Los	Pos	Pe
K	Owensboro	134	86	64	
G	Erlington	90	45	50	
L	Murray	85	41	48	
E	Madisonville	143	67	47	
C	Livermore	81	26	44

Playing Safe.

One of Australia's best landscape painters was out with his bag of tricks near Darlesford recently. He had pitched in front of an old two-roomed, wattle-and-dab hut, softened with a crimson-flowered creeper, which he thought would make an

excellent sketch. While he was working a tall, hairy man came out of the hut and regarded him with some misgiving. The hut dweller approached. "Watcher doin', mister?" he asked.

"I'm painting your picturesque dwelling," said Patterson.

The hut dweller regarded Patterson dubiously for a minute, then went indoors. Presently he appeared with his wife, and the two advanced toward the artist. "Mind yeh," said the man, pointing to the painter, "I've got me witness—you're doing this at your own expense."—Pittsburg Chronicle-Telegraph.

Should Sloan's Liniment Go Along?

Of course it should! For after a strenuous day when your muscles have been exercised to the limit an application of Sloan's Liniment will take the soreness and stiffness away and get you in fine shape for the morrow. You should also use it for a sudden attack of toothache, stiff neck, backache, stings, bites and the many accidents that are incidental to a vacation. "We would as soon leave our baggage as to go on a vacation or camp without Sloan's Liniment." Writes one vacationist: "We use it for everything from cramps to toothache." Put a bottle in your bag, be prepared and have no regrets. 2
